

SCHEDULE OF FEES

In the case of contracts where our firm is not in receipt of any or normal commission, we will charge a service fee, agreed with you depending on the complexity of the transaction, time spent and nature and extent of the transaction.

At all times you have the option to deal with us on a fee basis.

The fee amount will be confirmed in advance and in writing.

If we receive commission from a product provider, this will be offset against the fee which we will charge you. Where the commission is greater than the fee due, the commission will become the amount payable to the firm unless an arrangement to the contrary is made.

Sample fee structure outlined below:

Account Directors:	€250.00 per hour
Financial Consultant	€150.00 per hour
Administrative Support:	€ 75.00 per hour

Additional fees may be payable for complex cases or to reflect value, specialist skills or urgency. In such cases we will notify you in advance and in writing.

Should we make any material changes to our Fee Structure, we will advise you in advance of providing any further services. **The effective date of our fee structure is the 15th May 2020**
