Fair & Personal Analysis

The concept of fair & personal analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could be reasonably expected of a professional conducting business, taking into account the accessibility of information and product placement to intermediaries and the cost of the search.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair analysis of the market, we will consider the following criteria:

- the needs of the customer,
- the size of the customer order,
- the number of providers in the market that deal with brokers,
- the market share of each of those providers,
- the number of relevant products available from each provider,
- the availability of information about the products,
- the quality of the product and service provided by the provider,
- cost, and
- any other relevant consideration.

Life, Pensions, Deposits and Investments

Rosemary Collins Ltd, Trading As RMC Financial Services provides Life Assurance, Pensions, Deposits & Investments on a fair & personal analysis basis i.e. providing services on the basis of a sufficiently large number of contracts and product producers available on the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs. We provide advice/recommendations on products such as Life Cover, Serious Illness Cover, Income Protection, Pensions/PRSA's, Savings and Investments. Depending on your individual circumstances, we may provide you with advice and arrange policies on your behalf. You may, however, have particular areas of interest, and in this case, we will be happy to give more detailed advice in these areas.

Our advice is based on our knowledge and understanding of your current financial affairs and based on the relevant information provided to us by you. It is therefore essential that you provide us with all relevant information, and also advise us of any changes in your personal circumstances. If you do not inform us of the relevant information to enable us to assess the suitability of your chosen product, we cannot offer you assistance in this product. Failure to disclose any material information could invalidate your cover.

We will also provide assistance to you with any queries you may have in relation to the policies or in the event of a claim, during the life of the policies. We will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover: particularly in relation to Income Protection & Serious Illness policies.

Specifically, on the subject of Income Protection it is our policy to explain to you

- a) The meaning of disability as defined in the policy
- b) The benefits available under the policy
- c) The general exclusions that apply to the policy
- d) The reductions applied to the benefits where there are disability payments from other sources.

For Serious Illness policies, we will clearly explain to you the restrictions, conditions and general exclusions that attach to your policy.

Sustainability Factors – Investment/IBIPs/Pension Advice

The EU Regulation is effective 10th March 2021. As the area of SFDR is new and evolving without sufficient information being currently available, we do not currently assess in detail the adverse impact of investment decisions on suitability when providing investment or insurance advice.

The key product providers with which we engage have developed responsible investment as part of their investment philosophies and sustainable policies. However, detailed information on specific fund recommendations we recommend is not always available.

As further information on the approach is being taken by the product providers, and their internal/external fund managers, become available over the course of the year, we anticipate reviewing these areas in our assessment.

Commission & Charges

RMC Financial Services is remunerated in the form of commission and other payments, from the completion of business with the product producers from whom we hold a written appointment. Where we receive ongoing commission, this forms part of the remuneration for initial advice provided.

A summary of the details of all arrangements for any fee, commission other reward or remuneration paid or provided to us which have agreed with product providers is available in our office or on our website – www.rmcfcs.ie

In certain circumstances, it will be necessary to charge a fee for services provided. Where fees are chargeable, we will notify you of these in advance and in writing. Both for consultancy and business services, we offer our clients the option to elect to deal with us on a fee basis only, or a mix of commission and/or fee only basis, in cases where commission is paid in full or in part, towards the remuneration of the company for such business.

Life Assurance, Pensions/PRSA's Savings & Investment Business:

In the case of above contracts where the firm is not in receipt of any or normal commission, we will charge a service fee, agreed with you depending on the complexity of the transaction, time spent and nature and extent of the transaction. At all times you have the option to deal with us on a fee basis.

If we receive commission from a product provider, this will be offset against the fee which we will charge you. Where the commission is greater than the fee due, the commission will become the amount payable to the firm unless an arrangement to the contrary is made.
